

The STEP UP Pledge

I understand that my attitude and my perspective make my World what it is. I choose to cultivate an attitude of gratitude and empathy each and every day and in each and every encounter. While I know it will not always be easy, I commit to the challenge. I commit to change. It is in this spirit that I agree to the following:

I pledge to be courageous in my honesty and my truth.

I pledge to participate with good intentions in this safe place where my community and I can grow and flourish.

I pledge to be open to new ways of seeing the world and of sharing the world with others.

I pledge to work towards curiosity and not in judgment.

I pledge to step up boldly and lead by example even when it feels uncomfortable.

I pledge to trust myself, my intentions and the goodness of others.

I pledge to build a beautiful and diverse culture inside myself and my community.

Sometimes our steps will be big and bold and other times they will be small and soft. Both kinds of steps take a brave heart, are necessary and important. In fact some of the smallest steps create the biggest impact on our growth.

I pledge to STEP UP today and every day for a better world.
